Bill Breon (540) 219-5656**

Started in 1996, the Fauquier Law Enforcement Association has flourished through the years. Also known as FLEA, it is an organization that accepts monetary donations annually to fund the Fauquier County Sheriff's Office Shop with a Cop program. The main purpose of the Sheriff's Office Shop with a Cop program is to encourage and promote positive relationships between children in the community and law enforcement officers, as often times these children are witnesses to law enforcement officers making an arrest at their home. Shop with a Cop enables approximately 100 children to go shopping at Wal-Mart each year at Christmas time. Law enforcement provides transportation and officers who volunteer their time are paired up with a child in the program. Each child can spend up to \$125 on toys, books, clothing, video games, music, movies, or whatever they choose to, provided it is not a danger to themselves or others. After shopping, the children attend a local high school where more volunteers spend their time serving breakfast to them. After breakfast, the children return home with their bags full of presents for themselves and often other family members as well. The children involved in the program are chosen by the local law enforcement agencies as well as the Department of Social Services. These children are chosen during that year for reasons such as witnessing or experiencing domestic violence, being the victim of a sexual assault, and/or their parents being incarcerated. These children come across all socioeconomic ties from low income to upper class income. By accomplishing a positive relationship between the children and local law enforcement, the Fauquier County Sheriff's Office and FLEA are proud to continue this tradition year after year. With your generous contribution, we can continue to provide children with a positive influence in the realm of law enforcement.
